

## Take Control of Your Dental Health — Join Our Savings Plan Today!

At Above & Beyond Dentistry, we understand that many patients either don't have dental insurance or are dissatisfied with the limited coverage and restrictions that come with it. Rising premiums, confusing policies, and insurance companies dictating treatment can make it difficult to get the care you truly need.

That's why we created our **in-office savings plan** — a simple, affordable alternative that gives you direct access to high-quality dental care without the hassle of traditional insurance.

### This plan is ideal for:

- ✓ Patients without dental insurance
- ✓ Individuals tired of dealing with limited benefits, exclusions, and approvals
- ✓ Anyone looking for a more flexible, patient-centered approach to oral health care

We believe that your dental care should be between you and your provider — not dictated by insurance. With our in-office savings plan, you can confidently move forward with the treatment you need, when you need it.
