

TAKE CONTROL OF YOUR DENTAL HEALTH AND JOIN TODAY

Many issues involving overall health can be detected, monitored, and even treated in the mouth before anywhere else. We found that people without dental insurance sometimes put off dental care, often because of worries about the costs and affordability. At Above & Beyond Dentistry, we want to ensure that you always have access to the very best and most advanced dental care whenever required. We created our membership savings plan because we believe quality dental health should never be compromised due to concerns about affordability.

We know that living without dental insurance or having limited benefits can be a barrier to obtaining ongoing preventative dentistry and essential dental care. Even people with traditional dental insurance find access to care is restricted regardless of the necessary treatment the doctor recommends for optimal oral health. With our in-office membership plan, you gain access to the very highest quality care while avoiding the hassle of dealing with traditional dental insurance, without losing the benefits it can provide.

Receive instant benefits and discounts on preventative care, as well as restorative, cosmetics, and even dental implant procedures. Everything is done through our office, so you never have to deal with a third party to get your benefits.

PROGRAM GUIDELINES
